

SpotOn® Master Applicator Kit

FOR IMMEDIATE RELEASE: February 4, 2014

Innoquest Introduces SpotOn® Master Applicator Kit *Application Expertise in a Box*

(WOODSTOCK, Ill.) [Innoquest, Inc.](#), the designer and manufacturer of sensors and measurement instruments, has released the [SpotOn® Master Applicator Kit](#), which was designed to help make sprayer classes and clinics easier for educators. The handy kit includes all the tools needed for calibration, testing and tip maintenance.

“This preassembled kit was created to take some of the prep out of educational sessions,” [Bill Hughes](#), President of Innoquest, said. “It includes everything you need to be an application expert, including many award-winning SpotOn® sprayer tools.”

Each kit includes gloves, goggles, a hand-held wind meter and a durable carry case for easy transport between locations. Plus:

- [Digital Sprayer Calibrator](#), which provides accurate tip flow measurement in seconds
- [Digital Pressure Tester](#), which accurately checks nozzle pressure where it counts
- [Patternator](#), which allows quick visualization of nozzle and sprayer coverage
- Air Blast Tip Cleaner and [Tip Multi-Tool](#), which clears plugged spray tips with a 50 psi air blast

The **SpotOn® Master Applicator Kit** currently lists in the U.S. for \$695. For more details or to order call (815) 337-8555, email [Bill Hughes](#) or visit [innoquestinc.com](#).

Innoquest, Inc. has been designing and manufacturing sensors and instruments made in the U.S.A. since 1993.
